

JOB DESCRIPTION

University of Hartford

The Department of Mathematics is now accepting applications for a full-time tenure-track Assistant Professor position to begin in August 2010. An earned doctorate in Mathematics Education or related field with the equivalent of a Masters degree in mathematics is required; ABDs will be considered providing they document a degree completion date. Normal teaching load is 3 courses per semester and will include mathematics and mathematics education courses. Publications in refereed journals are required for promotion and tenure. Other responsibilities include: supervising prospective secondary mathematics teachers in K-12 settings, advising secondary mathematics education students, revising program curricula and assessment practices, and providing service to the university, community, public schools and broader profession. Preference will be given to candidates with experience working with K-12 schools.

Reduced teaching loads and/or grants are available to support substantial scholarly activities. Salary is commensurate with qualifications and experience.

The University of Hartford is an open and welcoming community, which values diversity in all its forms. In addition, the University aspires to have its faculty and staff reflect the rich diversity of its student body and the Hartford region. The College of Arts and Sciences is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their research, teaching and/or service. Candidates committed to mentoring women or members of underrepresented groups and conversant in multicultural issues are encouraged to apply. For more information about the mathematics department please visit <http://math.hartford.edu/> .

Review of applications will begin November 1, 2009 and continue until position is filled. Applicants must submit a current curriculum vitae, a letter of application outlining an interest in and qualifications for the position, a statement of teaching philosophy, a research statement, copies of undergraduate and graduate transcripts (unofficial for application; official prior to interview), and three letters of reference (at least one letter must address the candidate's research agenda and at least one letter must address the candidate's teaching ability) either electronically in PDF format to mathsrch@hartford.edu or by mail to:

Dr. Joel Kagan, Chair
Department of Mathematics
University of Hartford
200 Bloomfield Avenue
West Hartford, CT 06117

Members of under-represented groups are encouraged to apply. EEO/AA/M/F/D/V.
